After a fulfilling career in education I have pivoted into the world of frontend web development. I enjoy learning about and creating great apps using React.js

Skills

Frontend: React.js, Next.js, Bootstrap, Tailwind, CSS3, SASS, HTML5

Backend: Express, RESTful API, Nginx

Database: SQL - MySQL - MariaDB - MongoDB

Languages: JavaScript, TypeScript, Can exit VIM

Education

OpenClassrooms, Paris, France – Associates of Web Development, 2021

University Cote d'Azur, Nice, France – Masters of Science in Educational Tech, 2022

CSU, Pueblo, Colorado, USA – Bachelors of English, 2013

Projects

Social Media Site (full stack): Next.js, TypeScript, Tailwind, TypeORM, SQL, Express
Created a Full Stack App replicating Reddit for a company to use internally. Users are able to post content, create communities, comment, up/down vote, and share to social media. Relational database using MySQL and TypeORM. Authentication is handled by bcrypt and JWT.

Recipe Sharing Site (backend): Express, RESTful API, MongoDB Atlas, Mongoose
Developed a RESTful API and database to support the frontend developer. Users can post hot sauce recipes, upload images, modify their post, delete their post, or vote on their favorite recipes. Database used MongoDB Atlas and Mongoose. API was built to OWASP standards to ensure a high level of security.

Experience

Professor of English, Sorbonne University; Paris, France – 2019-Present

Designed and delivered curriculum for 3rd year law students. Prepared pre-law students for masters entrance exams. Conducted test preparation for English certifications.

English Instructor, Berlitz; Paris, France – 2019-Present

Conducted private language lessons utilizing Berlitz methodology to working professionals in Paris. Client organizations included: Allianz, Accor, Le Monde, and Air France.

Logistics and Fulfillment, Explore Booksellers, Aspen, Colorado, USA – 2014-2016

Oversaw daily operations of the eCommerce store. Administered, updated, and modified the Drupal based eCommerce website and associated homepage.

Interests

Frontend: Motorcycle adventures, skiing/snowboarding, mountain biking, hockey.

Backend: Woodworking, game development, audiobooks, arduino/pi projects, SciFi.

Languages: English (native), French (B1).
